

# Case study

## 3x HDPE Wash Box Funnels

### Summary

Industrial Plastics completed the design and fabrication of three HDPE washbox funnels for a large mining customer. The project included ribs, flange, galvanised backing rings and an EPDM gasket. Engaging with the customer about their product specifications was crucial to a successful delivery across Australia and within the five week lead time.

### Product Description

High-Density Polyethylene (HDPE), Black PE100, UV Stabilised Wash Box; dimensions - 2.2m W x 8.5m L x 1.53m H.

### Industry

Mining

### Location

Western Australia, Australia
